Orders Regarding the expenses incurred in Connection with the School of Engineering and Natural Science

Dndsed

Memorandum

As requested in para 3 of the Chief Commissioners Proceedings No 1617/76 of the 27th May 1876 the Director of Public Instruction submits a proposition statement for the excess of expenditure required on account of the new Engineering School over that previously sanctioned

The proposition statement is for an annual charge of Rs 3048, or Rs 254 monthly of which latter sum Rupees 204 is to be a permanent charge as shewn in the margin, and the remaining Rs 50 a temporary charge on account of House Rent for the Principal until free Quarters are ready

2 Of these items the permanent increase to

the Principal and the
temporary house rent
allowance have been
sanctioned in Government
of Indias letter in the
P W Department No 438 & 9
of the 16th March 1875. As
regards the scholarships,
the Director states that
it was originally proposed
in the Chief Commissioners
letter to Government to
provide for 12 students
in the Lower division
at the average rate of
10 rupees This was how-
ever subsequently altered
and it was decided that
7 students in the Upper
class of this Division
should receive 12 rupees
and five in the lower
class 8 rupees each per
month. There was thus
an increase of 4 Rs a
month under the head
of scholarships which is
therefore referred to in
the Proposition statement

The

The increased scale of
scholarships the retention
of which was urged in
this Office letter No 563/96
of 3rd April 1875 to the
Government of India, has
recently been sanctioned
in Foreign Dept.t letter
No 1640 P dy 5th June 1875 The
item of 50 Rs for an increase
of salary to the Native
Assistant master has
yet to be sanctioned
3 The Proposition state
-ment may be sent up
to Government for approval
and sanction

Bangalore, 15th May 1875

To

The Director of Public Instruction
in Mysore

The Offg Secretary to the Chief Commissioner
of Mysore.

Sir,

I have the honour to report as follows on the expenses incurred in connection with the School of Engineering and Natural Science, with reference to para 2 of your docket No 1201/3.11.3 of the 12th instant

2 The budget provision for this school was based upon the scale of establishment contained in my letter No 1195 of the 22d July last. At that time it was in contemplation to appoint an Assistant Engineer of the 2d grade to the office of Principal, but since the budget was despatched an Assistant Engineer of the 1st grade was selected as being the most suitable person available. In the same way a higher salary than was intended had to be given in order to secure a competent Native as Assistant. At the same time an additional allowance was given to the Principal for house rent until free quarters should be provided for him. All these charges therefore are in

excess of the sanction now received from the Government of India.

The provision for scholarships was for 12 at the mean of Rs 10/-, as laid down in Sir R Meades letter to the Government of India on the subject The rates of Rs 12/ and 18/- entered in the

1 margin of your letter are new to me, and I have received no intimation regarding their adoption Without therefore knowing how many are to be given at these rates, and on what conditions, I am unable to say what amount will be required to meet the charge

4 The provision made for furniture, apparatus &c was Rs 1000/- . This will probably suffice in future, but has been found inadequate at starting, as an entire new set of instruments, books, and furniture had to be obtained If the excess incurred may be treated as an advance chargeable against next years allowance, when the same expenditure will not be called for, no additional entry would be needed otherwise it might be charged to general savings

The following is an abstract of the whole sanctioned provision and the incurred charges

omitting

omitting the new scholarships for want of information as to their numbers.

	Sanctioned scale		Actual	
Principal	at 350	Rs 4200	at 500	6000
			promise 1 for do	600
Assistant	100	1200	at 150	1800
3 Servants	6 5 5	192	—	192
12 Scholarships	mean of Rs 10	1440		
Furniture apparatus & Reference Books		1000	Furniture, Appa ratus, Reference Books	2500
Contingencies		600	-	600

The permanent charges (salary of Principal and Assistant) are thus Rs 2400/ a year more than entered in the budget. The charges for furniture, apparatus and books are, as far as can be reckoned at present, about Rs 150 in excess, but will probably not go beyond the provision in future years. The house rent is an exceptional temporary charge of Rs 600 a year not provided for.

6 I should propose, with the Chief Commissioners sanction, to send in a supplementary proposition statement for the salaries, and, if needed, for the scholarships

ships, leaving the other items to stand as
they are

I have the honour to be,
Sir,
Your most Obedient Servant,

Director of Public Instruction

Office of the Director of Public Instruction
Bangalore, 14th Nov. 1865

From,
The Director of Public Instruction
Mysore Circle

To,
The Secretary to the Chief Commissioner
of Mysore

Sir,

The sanctions of the Government of India received with your docket No 1201 Ed 3 of the 12th instant make it desirable for me to submit for the Chief Commissioner's information the following statement as to the changes involved. These were fully described in my letter No 1863 of the 17th October last, on which no orders have hitherto been received.

2 Referring to the details therein contained, I may briefly state that the proposals now sanctioned provide for the conversion of the Bangalore High School into a Central College, teaching up to the M A standard, and of the Raja's School, Mysore, and the District School, Shimoga, into High Schools, teaching up to the F A standard. In connection with this I have to propose for the Chief Commissioner's approval that the new denominations of these institutions shall be respectively State College, Bangalore, Raja's High School, Mysore, and Major High School, Shimoga.

The State College will have at its head the present Principal, with the increased salary now sanctioned. A provision has further been made for an assistant Professor on Rs 300 a month. For this appointment I strongly recommend that a gentleman specially qualified to impart scientific instruction be obtained from England, or from Aberdeen or Edinburgh. We have no lack of mathematical teachers and a good supply of literary professors. For the physical sciences we have no competent instructors. The want is the more felt now that the attention of the University has been steadily directed to the cultivation of that invaluable branch of knowledge. The College here will offer peculiar facilities for its prosecution in the fine collection of scientific apparatus granted by Sir Mark Cubbon and but little used

The staff of the two new High Schools can be made up from among the existing masters, Mr Pope taking charge of the Raja's High School on the retirement of Mr Downing, as already arranged.

On first proposing the above changes in September last I stated that by a revised and uniform scale of fees in Anglo Vernacular schools the bulk of the cost would be met by the increased receipts under that head. At present there is no uniformity observed in the rates of fees levied from the same grade of pupils, owing to some of the schools having been established before the Educational Department existed, and various rates having been introduced at irregular times. The following statement will show the rates now in force.

Class	B A	F A	Mat	I	II	III	IV	V	VI
High School	Rs 3/	3/	2/	1/8	1/8	1/	1/	1/-	1/8 4/4
Raja's School	1/8	1/8	1/8	1/-	1/-	-/12	12	1/8	1/8
Shimoga	-	-	1/	1/8	-/8	-/6	-/6	1/4	1/4 1/2
Hassan	-	-	-	1/5	-/5	1/3	-/3	-/3	-/3
Toomkoor	-	-	1/-	-/12	-/8	-/8	-	-/4	-/4
Chitaldroog	-	-	1/-	-/12	1/8	1/8	-/6	-/4	-/4
Kolar, Chickmagalur and 7 other schools		-	-/4	-/4	1/4	1/4	-/4	-/4	-/4
Bundlepet	-	-	+	-/5	1/5	1/5	-	1/5	1/5

5 The scale I propose to introduce is, for the B A class Rs 4/, F A 3/- Mat 2/, three upper classes 1/-, three lower classes 8 annas. For the College classes these rates are the same as those of the Combaconum College, except for Matriculation which there pays 2/8. The fee already paid in two of the upper and two of the lower classes of the Bangalore High School being higher than the proposed scale, might be retained, but the new rates adopted in all other schools. Calculated on the bases of the present attendance, which however may be expected to increase, the income realized from fees in Anglo Vernacular schools will be raised by the alteration from Rs 10000/ to Rs 18000/- a year.

6 On the subject of the Engineering School I beg to refer to a separate communication of this date.

I have the honour to be,
Sir,
Your most Obedient Servant,

Director of Public Instruction

Letter from Director
Public Instn reporting
on the expenses incurred
in connection with the
School of Engineering at
Trichinopoly. Decision
Passing orders thereon

From the Director of Public Instruction in Mysore To the Offg Secretary to the Chief Commissioner of Mysore Genl Department No 527 dated Bangalore 19th May 1875

I have the honor to report as follows on the expenses incurred in connection with the school of Engineering and Natural Science with reference to para 2 of your docket No 1201—Edl 3 of the 12th instant.

2 The budget provision for this school was based upon the scale of establishment contained in my letter No 1198 of the 22nd July last. At that time it was in contemplation to appoint an Assistant Engineer of the 2nd grade to the office of Principal but since the budget was despatched an Assistant Engineer of the 1st grade was selected as being the most suitable person available In the same way a higher salary than was intended had to be given in order to secure a competent Native as Assistant At the same time an additional allowance was given to the Principal for house rent until free quarters should be provided for him All these charges therefore are in excess of the sanction now received from the Government of India.

3 The provision for scholarships was for 12 at the rate of Rs 10 as laid down in Sir Richard Meade's letter to the Government of India on the subject The rates of Rs 12 and 18 entered in the margin of your letter are new to me and I have received no intimation regarding their adoption Without therefore knowing how many are to be given at these rates and on what conditions I am unable to say what amount will be required to meet the charge

4 The provision made for furniture apparatus &c was Rs 1 000 This will probably suffice in future but has been found inadequate at starting as an entire new set of instruments books and furniture had to be obtained If the excess incurred may be treated as an advance chargeable against next year's allowance when the same expenditure will not be called for no additional entry would be needed Otherwise it might be charged to general savings

5 The following is an abstract of the whole sanctioned provision and the incurred charges omitting the new scholarships for want of information as to their —

	Sanctioned		Actual	
Principal	at 350	Rs 4 200	at 500 House rent for do	6 000 600
Assistant	100	1 200	1 150	1 800
3 Servants	6 5 5	192		192
12 Scholarships	mean of Rs 10	1 440		
Furniture apparatus & reference books		1 000	Furniture apparatus reference books	2 500
Contingencies		600		600

The permanent charges (salary of Principal and Assistant) are thus Rs 2 400 a year more than entered in the budget The charges for furniture apparatus and books are as far as can be reckoned at present about Rs. 1 500 in excess but will probably not go beyond the provision in future years The house rent is an exceptional temporary charge of R 600 a year not provided for

6 I should propose with the Chief Commissioner's sanction to send in a supplementary proposition statement for the salaries and if needed for the scholarships leaving the other items to stand as they are
